4. In this connection the Board submits that the training now being undergone at the staff college, is not being counted as duty, on the ground that it is not prescribed in the Rules and that it is only for administrative convenience. The Board invites the attention of the Government to F.R. 9(6) (b) according to which the local Government can declare a course of instruction or training as duty. With reference to this rule some of the courses of instructions or training declared as duty in the Excise Department are:

1. Distillery training
2. Half-yearly revolver shooting practice
3. Training of Sub-Inspectors under selected Inspectors.

On this analogy the Board submits that the training undergone by the staff sanctioned for the enforcement of Prohibition may also be declared as duty, as the Board considers that as the training is for administrative convenience, the persons undergoing the training should not be penalised.

Abstract.

PROHIBITION - Prohibition Staff College - Training - Treatment as duty - Orders passed.

REVENUE DEPARTMENT.

G.O.MS.NO.51. Dated the 7th January 1950.

Read:-

From the Board of Revenue, C.R.No.8430 Abk/49 G1., dated 1.6.49 and 25.7.49.,

From the Board of Revenue, C.R.No.8430 Abk/49 B4, dated 20.9.49 and 7.11.49.

O R D E R :-

Under fundamental Rule 9(6) (b), the Government hereby declare as duty the period of training undergone by Sub-Inspectors, Petty Officers and Guards at the Prohibition Staff College, Madras.

2. With reference to its reference C.R.No.8430 Abk/49 B4,,dated 20.9.49, the Board of Revenue is informed that mere declaration as duty will not entitle the trainees to count their period of training for increment unless they drew pay in the time scale applicable to their regular posts during the period of training. As the rates of salary drawn during training in the cases in question are different from the scale in which they will draw pay after training, the period spent in training will not count for increment.

Please see the Memo. on p.5 c.f. and the Board's reference on p.6 c.f.

2. The Board of Revenue has stated that if the period of training is declared as duty it will help the trainees to count the period towards their probation and increment. In this connection it is submitted that no service rules have been framed for the Probation enforcement staff and therefore no probation has been prescribed for them. The Board's intention is presumably that if and when service rules are framed, the period of training should count for probation. The Board has further stated that the trainees will also be eligible for joining time on the completion of the training when they are posted to station houses if the period of training is declared as duty. The Board has therefore requested that the Government may be pleased to declare the period of training of the trainees at the Madras Prohibition Staff College as duty. The Madras Prohibition Staff College will be closed by the end of October and the Board's proposal will therefore apply only to those who have already undergone training at the College and are now undergoing training at the College.

Finance (C.S.R.)

(Previous Finance note above)

The Prohibition sub-Inspectors and the Prohibition Petty Officers were sent for training at the Prohibition staff College as soon as they were recruited. The Prohibition avoids however on their recruitment were first posted to the districts and sent for training later. The Pay drawn by the above officers during and after training is given below.

Designation.	During Training. Rs.	After Training Rs.
Sub-Inspectors.	60	80 - 150
Petty Officers.	40	40 - 60
Prohibition Guards.	20	30 - 40 (Rs.25 during probation.)

The Board of Revenue has proposed that the period of training in his case may be treated as 'duty' It has pointed out that as the training is for administrative convenience, the persons undergoing the training should not be penalised. It has stated that if the period is treated as duty, it will help the trainees to count the period towards their probation and increment and they will be eligible for ~~training~~ joining time on the completion of training when they are posted to station houses.

The proposal may be agreed to.

(It may incidentally be pointed out that the period of training treated as duty will not count for increment in the time scale attached to the post in view of the different rates of pay laid down during training and as it cannot be said that the officer has been drawing pay, in the time scale during training)
